

Welcome to Este, Italy

Este is a small town in the province of Padua, in the Venetian region (Veneto), in the north-east of Italy. Here is our school, IIS Euganeo (Technical Institute), where we study Information Technology and Computer Science.

My name is Alessandro Contarini, I'm 17 years old and I live in a small town in the province of Padua, in Italy. Here I attend IIS "Euganeo" technical institute, specializing in IT. I regularly go to the gym and, in my free time, I've got a lot of hobbies such as basketball, motorbike rides with my friends, but essentially, the most important thing is doing something.

My name is Thomas Paolo Fortin, i'm seventeen years old and i live in a small village in the province of Padova, in Veneto, Italy. At the moment I am attending the fourth year at the IIS Euganeo Higher Technical Institute, in Este, where I study in the IT department.

I love spending my free time watching or reading oriental stuff such as anime and manga. I enjoy being with my friends, virtually or in person, watching movies and listening to music.

My name is Marco Dall'O' Polveni, I'm seventeen and I live in a small town in the province of Padua, in Veneto. For my studies of Information Technology, I chose the school «IIS Euganeo», in Este. In my free time, I usually try to learn some computer graphics, such as 3D modelling. I'm also really keen on playing video games, mostly single-player ones.

My name's Marco Mischiati. I'm seventeen years old and I live in Este, a small town sixty kilometers from Venice. I'm attending the fourth year at the IIS Euganeo High School, I'm in the IT Department.

I'm a lot into Japanese stuff, like anime and manga, and I'd love to study Japanese and travel to Tokyo. I also love videogames. In these days I'm really into a game called "Dark Souls" and I'm enjoying it.

Thanks for the attention
